

## **Cancellation Announcement**

With sincere disappointment, the Jackson Township Heritage Festival Committee has announced the cancellation of the 16<sup>th</sup> Annual Jackson Township Heritage "Community Days" Festival scheduled for July 10-12, 2020 in Vinco and postponed the event until 2021 due to the Coronavirus pandemic and associated concerns.

The committee's decision to cancel this special event for the community and its residents was difficult to make. However, the committee's concern for the health and well-being for the general public, volunteers, vendors, and performers takes precedence during this uncertain time. Government restrictions and limitations of crowd sizes along with social distancing were also elements the committee needed to consider. In addition, we can't express enough our appreciation to all our sponsors. However, we've come to the realization during this time the difficulty to be able to generate enough donations to cover the total cost of the festival.

Due to these unforeseen circumstances, we are asking all our sponsors and vendors who have already donated to the 2020 festival if they would like to transfer their generous donation made this year to next year's festival or would like us to return their donation back to them. Contact names and information are listed below.

The committee has already set its sights on next year and is planning for the 16<sup>th</sup> Annual Jackson Township Heritage "Community Days" Festival to be held on July 9-11, 2021.

Thank you.
